

QUALITY POLICY

SHL PRODUCTION Sp. z o.o.

Our essential goal is to fulfil customer requirements and expectations and to ensure that our trademark symbolizes quality, trust and satisfaction.

We are achieving our objectives by:

- Steadily increasing the value of our company and monitoring our progress through economic performance indicators.
- Continuous improvement of our Quality Management System coupled with fulfilling the requirements of our customers.
- Identifying, understanding and meeting our customer requirements.
- Developing solid relationships with our suppliers of raw materials, products and services.
- Enhancing the organizational structure, manufacturing methods, production processes and work environment, which results in improving our economic efficiency.
- Managing and meeting our employees' individual training requirements in line with our Quality System requirements.
- Creating the culture where every employee understands that they are responsible for the quality of our product and consequently the image of the company.
